Example Cooperating Agency
Invitation Letter

Dear Mr. Washburn:

The Federal Highway Administration (FHWA), in cooperation with the Indiana Department of Transportation (INDOT) and the Kentucky Transportation Cabinet (KYTC), is reinitiating an Environmental Impact Statement (EIS) for the I-69 Ohio River Crossing Project in Evansville, Indiana, and Henderson, Kentucky. The project area will extend from I-69 south of Evansville (formerly I-164) across the Ohio River to the Edward T. Breathitt Pennyrile Parkway (now designated as I-69 up to the KY 425 interchange) near Henderson (see attached map). A Notice of Intent (NOI) for the EIS was published in the *Federal Register* on February 13, 2017, and is attached, which represents a revision to the original NOI that was issued for the project on May 10, 2001 (66 FR 23966 May 10, 2001). Under the original NOI, a Draft Environmental Impact Statement (DEIS) was completed in 2004 but the project was subsequently suspended in 2005. The 2004 DEIS and other project-related documents referenced in the revised NOI are available for download at <http://bit.ly/2kxMAcU>.

Your agency has been identified as possibly having an interest in the project. With this letter, we extend your agency an invitation to become a Cooperating Agency with the FHWA in the development of the EIS. Designation as a Cooperating Agency does not imply that an agency either supports the proposal or has any special expertise with respect to the evaluation of the project.

FHWA's request for the participation of the Eighth Coast Guard District as a Cooperating Agency in the preparation of the EIS is in accordance with 40 CFR 1501.6 of the Council on Environmental Quality's (CEQ) Regulations for Implementing the Procedural Provision of the National Environmental Policy Act.

Pursuant to 23 USC 139, Cooperating Agencies are responsible for identifying, as early as practicable, any issues of concern regarding the project's potential environmental or socioeconomic impacts that could substantially delay or prevent an agency from granting a permit or other approval that is needed for the project. We suggest that your agency's role in the development of the above project should include the following as they relate to your area of expertise:

1. Provide meaningful and early input on defining the project's purpose and need the range of alternatives to be considered, and the methodologies and level of detail required in the alternatives analysis.
2. Participate in Interagency Advisory Committee meetings and joint field reviews as appropriate.
3. Timely review and comment on the pre-draft or pre-final documents to reflect the views and concerns of your agency on the adequacy of the document, alternatives considered, anticipated impacts and mitigation.

Cooperating Agency Status indicates a higher degree of authority, responsibility and involvement in the environmental process. Cooperating Agencies may, at the request of the Lead Agency, assume responsibility, for the development of information or prepare analyses on portions of the EIS for which they may have special expertise. A Cooperating Agency may adopt without recirculating the EIS of a Lead Agency when, after an independent review of the EIS, the Cooperating Agency concludes that its comments have been satisfied.

Please respond to FHWA in writing to accept or decline the invitation within 30 days of the date of this letter. Should your agency decline to be a Cooperating Agency, this invitation also extends for your agency to serve as a Participating Agency. Your response should indicate your desire to become a Participating Agency if you do not want to perform as a Cooperating Agency. If your agency declines to perform as either a Cooperating or Participating Agency, the response should state your reason for declining the invitation. Pursuant to 23 USC 139, any Federal agency that chooses to decline the invitation must specifically state in its response that it:

- Has no jurisdiction or authority with respect to the project;
- Has no expertise or information relevant to the project; and
- Does not intend to submit comments on the project.

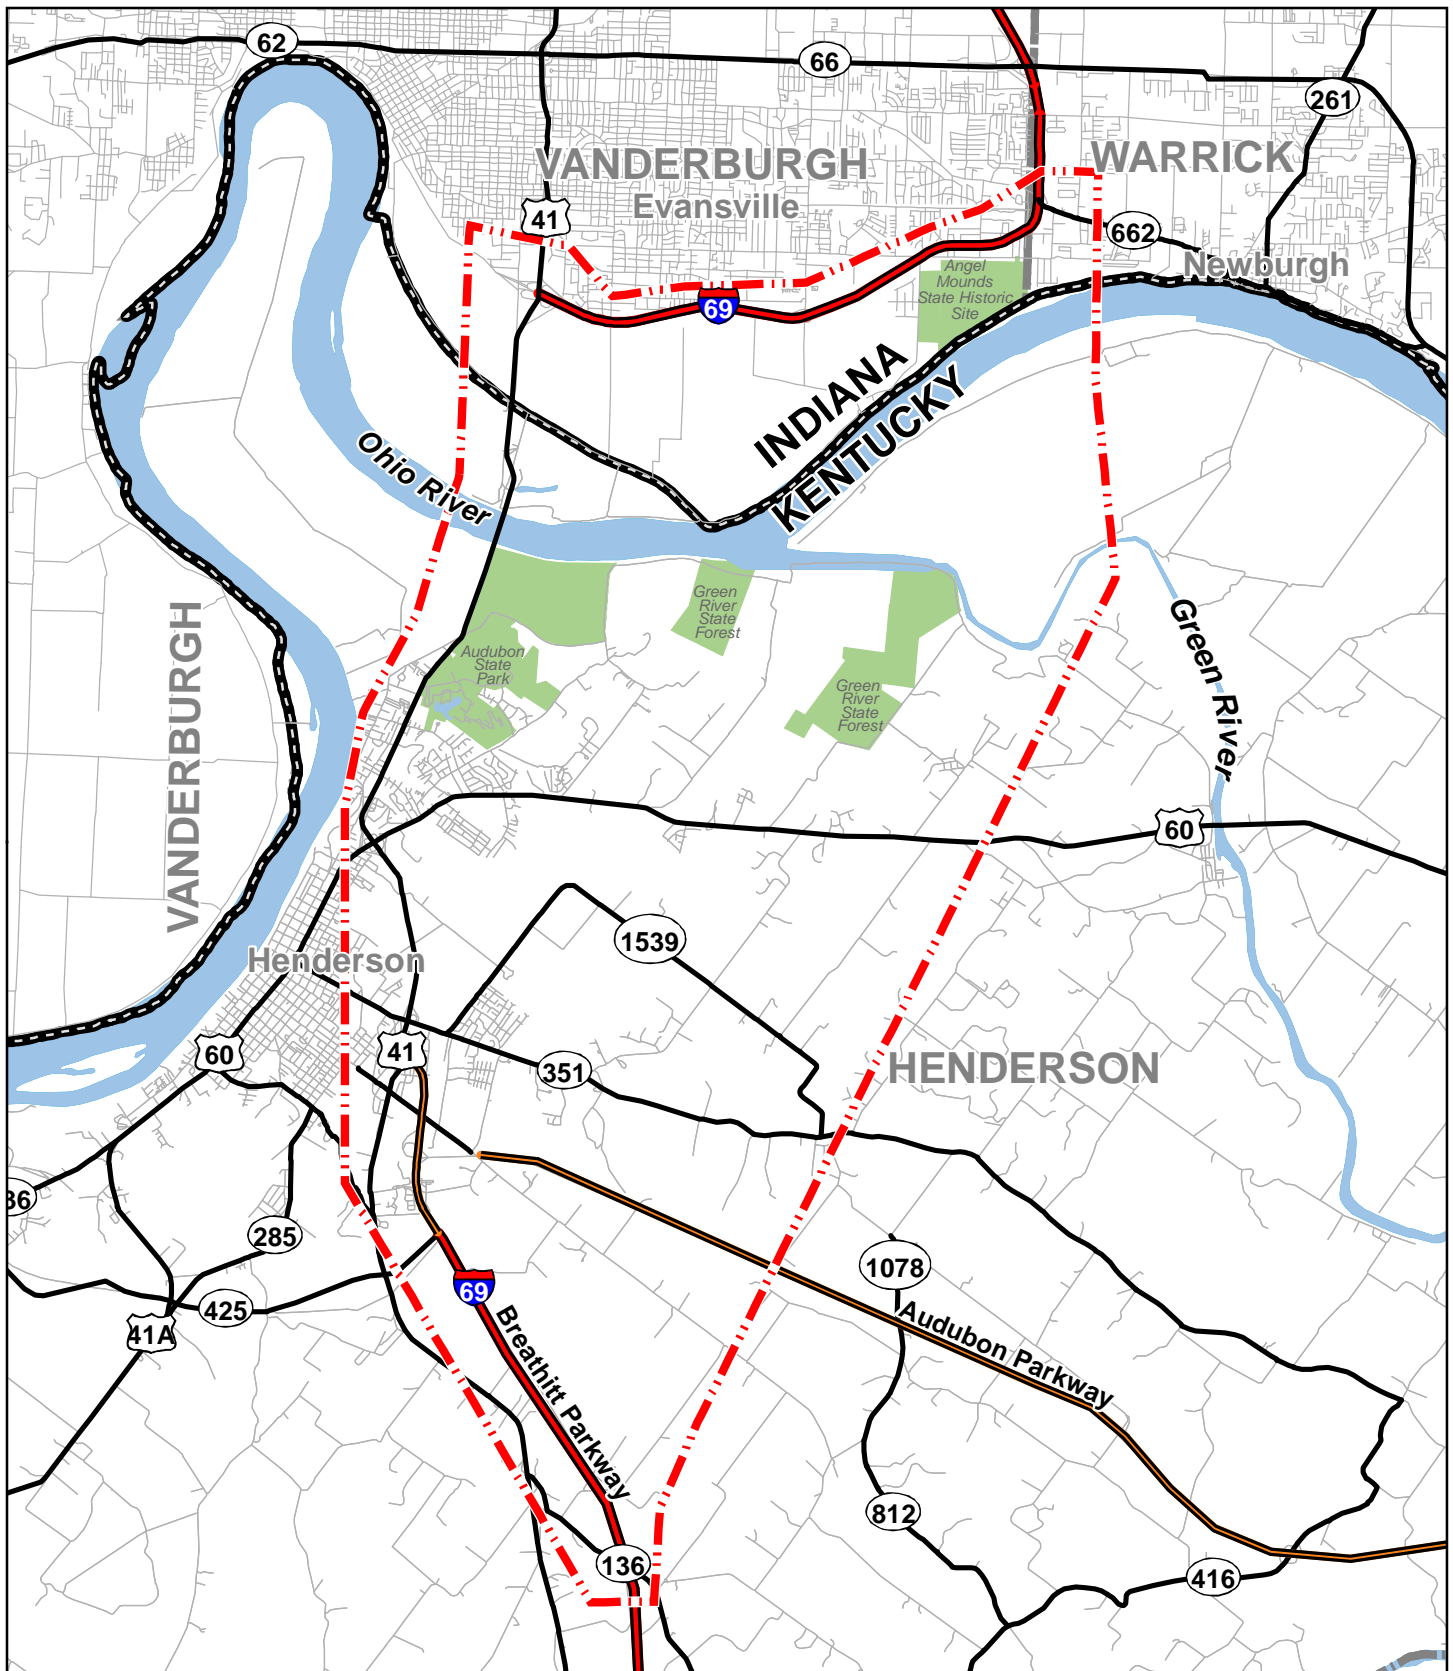

As part of this invitation to be a Cooperating Agency, FHWA is also inviting you to be a member of the project's Interagency Advisory Committee (IAC). The first meeting of the IAC is scheduled for April 12, 2017 at 9:00 AM to 11:30 AM CT at the Old National Events Plaza, 715 Locust Street, Evansville, IN 47708. Participants will also have the opportunity to join via WebEx. The project website is currently under development and will be available for access prior to the meeting. In your response, please indicate if you will be able to participate in this meeting. It is preferred that each IAC member agency designate an individual to serve as a single point of contact throughout the duration of the project. If possible, in your response, please indicate who that individual will be for your agency along with their contact information.

Thank you for your cooperation and interest in this project. If you have any questions or would like to discuss in more detail the project or our agencies' respective roles and responsibilities during the preparation of the EIS, please contact Michelle Allen, FHWA-Indiana Division, at (317) 226-7344 or Michelle.Allen@dot.gov.

Sincerely,

A handwritten signature in black ink that reads "Michelle Allen". The signature is fluid and cursive, with the first name and last name clearly distinguishable.Handwritten initials in black ink, appearing to be "MS" or similar, positioned to the left of the typed name.

BILLING CODE 4710-29-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Evansville, IN, and Henderson, KY

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Revised Notice of Intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS), pursuant to the National Environmental Policy Act (NEPA), will be prepared for the proposed I-69 Corridor in the Evansville, Indiana and Henderson, Kentucky area. This Notice of Intent (NOI) represents a revision to the original NOI that was issued for the project on May 10, 2001 (66 FR 23966 May 10, 2001). Under the original NOI, a Draft Environmental Impact Statement (DEIS) was completed in 2004 but the project was subsequently suspended in 2005. This NOI reinitiates the NEPA process for the project.

FOR FURTHER INFORMATION CONTACT:

Michelle Allen, Planning and Environmental Specialist, Federal Highway Administration, Indiana Division, 575 N. Pennsylvania Avenue, Room 254, Indianapolis, Indiana 46204, Telephone 317-226-7344, Email michelle.allen@dot.gov; Laura Hilden, Director of Environmental Services,

Indiana Department of Transportation, 100 North Senate Avenue, Room N642, Indianapolis, Indiana 46204, Telephone 317-232-5018, Email lhilden@indot.in.gov; or David Waldner, Director, Division of Environmental Analysis, Kentucky Transportation Cabinet, 200 Mero Street, Frankfort, Kentucky 40622, Telephone 502-564-7250, Email david.waldner@ky.gov.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Indiana Department of Transportation (INDOT) and the Kentucky Transportation Cabinet (KYTC), will prepare an EIS to identify a preferred alternative for the I-69 Corridor through the Evansville, Indiana-Henderson, Kentucky area. The project area will extend from I-69 south of Evansville (formerly I-164) across the Ohio River to the Edward T. Breathitt Pennyryle Parkway (now designated as I-69 up to Mile Point 76.9) near Henderson. The study will build upon the information developed for the 2004 DEIS, the 2008 Conceptual Financing Plan for I-69 Corridor conducted by KYTC, the 2013 I-69 Innovative Financing Study conducted by the Arkansas State Highway and Transportation Department (AHTD) (serving as the project manager for the seven-state I-69 Steering Committee), and the 2014 I-69 Feasibility Study conducted by KYTC. The proposed project would provide an interstate-type facility with at least two lanes in each direction separated by a median. The EIS will analyze environmental, cultural, social, and economic impacts associated with the development of the proposed action.

The project’s purpose and need that was developed as part of the 2004 DEIS included the following: (1) Support the completion of the National I-69; (2) Provide sufficient cross-river mobility in the Evansville/Henderson area; and (3) Strengthen the transportation network in the Evansville/Henderson area. The 2004 DEIS initially identified ten alternatives, including six alternatives west of the Evansville/Henderson area; one alternative following existing US 41; one alternative using the Edward T. Breathitt Pennyryle Parkway north to US 41 and continuing north on US 41 to I-164; and two alternatives east of US 41. The northern terminus for all of the alternatives was I-64 north of Evansville. The southern terminus for all the alternatives was the Edward T. Breathitt Pennyryle Parkway south of Henderson. Based on the ability to meet the project’s purpose and need, environmental impacts, costs, and public and agency input, the DEIS identified Alternative 2 as the Preferred

Alternative. The DEIS Preferred Alternative utilized the existing I-164 alignment (now designated I-69) from its northern terminus at I-64 in Warrick County, to just east of the Green River Road interchange and west of Angel Mounds State Memorial Site. From that location, the alternative left the existing I-164 alignment and traveled along a new alignment south across the Ohio River immediately west of the mouth of the Green River. The new route continued south to KY 351, then southwest to the Edward T. Breathitt Pennyryle Parkway (now designated I-69). The alternative was 30.2 miles in length and utilized 18.6 miles of the existing I-164.

The 2014 Feasibility Study conducted by KYTC reexamined the possibility of providing a single, new Ohio River bridge at Henderson, replacing the existing US 41 bridges. Seven alternatives, some with variations, were developed and evaluated. The 2014 Feasibility Study also introduced a modified version of the DEIS Preferred Alternative, designated as Alternative 1, that used the same Ohio River crossing location, but connected to the Edward T. Breathitt Pennyryle Parkway just south of Henderson and farther north than the DEIS Preferred Alternative to take advantage of the improvements to and the designation of the Edward T. Breathitt Pennyryle Parkway as I-69.

This EIS will review and update, as needed, the purpose and need from the 2004 DEIS and will consider changes to the project termini as a result of I-164 and Edward T. Breathitt Pennyryle Parkway being designated as I-69. It will also review and update the alternatives development and screening process based on the updated purpose and need and project termini. New alternatives will be developed and evaluated, as appropriate, and it is anticipated that this project will consider the potential use of tolls as part of its funding plan.

With the resumption of the project, the public and federal, state, and local agencies will be invited to participate in scoping meetings to review the project’s purpose and need and range of alternatives to be considered. These meetings will be scheduled at a later date. Public and agency meetings will also be held at key milestones throughout the EIS process to present project information and to obtain public and agency input. In addition, a project Web site will be established and public information offices will be set up in both Evansville and Henderson to allow the public to view project information and provide comments. Project e-newsletters and social media will also

be used to present project information and issue notices of upcoming events.

Comments or questions concerning this proposed action and the EIS should be directed to the FHWA, INDOT, or KYTC contacts at the addresses provided above.

(Catalog of Federal Domestic Assistance Program No. 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to the program).

BILLING CODE P

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD-2017-0021]

Requested Administrative Waiver of the Coastwise Trade Laws: Vessel CLUB M. SEA; Invitation for Public Comments

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Notice.

SUMMARY: The Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below.

DATES: Submit comments on or before March 15, 2017.

ADDRESSES: Comments should refer to docket number MARAD-2017-0021. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An electronic version of this document and all documents

entered into this docket is available at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Bianca Carr, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue SE., Room W23-453, Washington, DC 20590. Telephone 202-366-9309, Email Bianca.carr@dot.gov.

SUPPLEMENTARY INFORMATION: As described by the applicant the intended service of the vessel CLUB M. SEA is:

—*Intended Commercial Use of Vessel:* “The intended commercial use of this vessel is to operate charters of no more than 6 passengers. These charters will consist of whale watching, sport fishing, coastal and harbor cruising.”

—*Geographic Region:* “California”

The complete application is given in DOT docket MARAD-2017-0021 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR part 388, that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

Privacy Act

In accordance with 5 U.S.C. 553(c), DOT/MARAD solicits comments from the public to better inform its rulemaking process. DOT/MARAD posts these comments, without edit, to www.regulations.gov, as described in the system of records notice, DOT/ALL-14 FDMS, accessible through www.dot.gov/privacy. In order to facilitate comment tracking and response, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. Whether or not commenters identify themselves, all timely comments will be fully considered. If you wish to provide comments containing proprietary or confidential information, please contact the agency for alternate submission instructions.

By Order of the Maritime Administrator.

Dated: February 8, 2017.

T. Mitchell Hudson, Jr.,

Secretary, Maritime Administration.

HDA-IN

Ms. Ramona McConney
Environmental Specialist
US Environmental Protection Agency Region 4
NEPA Program Office
61 Forsyth Street SW
Atlanta, Georgia 30303

Dear Ms. McConney:

The Federal Highway Administration (FHWA), in cooperation with the Indiana Department of Transportation (INDOT) and the Kentucky Transportation Cabinet (KYTC), is reinitiating an Environmental Impact Statement (EIS) for the I-69 Ohio River Crossing Project in Evansville, Indiana, and Henderson, Kentucky. The project area will extend from I-69 south of Evansville (formerly I-164) across the Ohio River to the Edward T. Breathitt Pennyrile Parkway (now designated as I-69 up to the KY 425 interchange) near Henderson (see attached map). A Notice of Intent (NOI) for the EIS was published in the *Federal Register* on February 13, 2017, and is attached, which represents a revision to the original NOI that was issued for the project on May 10, 2001 (66 FR 23966 May 10, 2001). Under the original NOI, a Draft Environmental Impact Statement (DEIS) was completed in 2004 but the project was subsequently suspended in 2005. The 2004 DEIS and other project-related documents referenced in the revised NOI are available for download at <http://bit.ly/2kxMAcU>.

Your agency has been identified as possibly having an interest in the project. With this letter, we extend your agency an invitation to become a Participating Agency with the FHWA in the development of the EIS. Designation as a Participating Agency does not imply that an agency either supports the proposal or has any special expertise with respect to the evaluation of the project.

Pursuant to 23 USC 139, Participating Agencies are responsible for identifying, as early as practicable, any issues of concern regarding the project's potential environmental or socioeconomic impacts that could substantially delay or prevent an agency from granting a permit or other approval that is needed for the project. We suggest that your agency's role in the development of the above project should include the following as they relate to your area of expertise:

1. Provide meaningful and early input on defining the project's purpose and need, the range of alternatives to be considered, and the methodologies and level of detail required in the alternatives analysis.
2. Participate in Interagency Advisory Committee meetings and joint field reviews as appropriate.

3. Timely review and comment on the pre-draft or pre-final documents to reflect the views and concerns of your agency on the adequacy of the document, alternatives considered, anticipated impacts and mitigation.

Please respond to FHWA in writing to accept or decline the invitation within 30 days of the date of this letter. If your agency declines, the response should state your reason for declining the invitation. Pursuant to 23 USC 139, any Federal agency that chooses to decline the invitation must specifically state in its response that it:

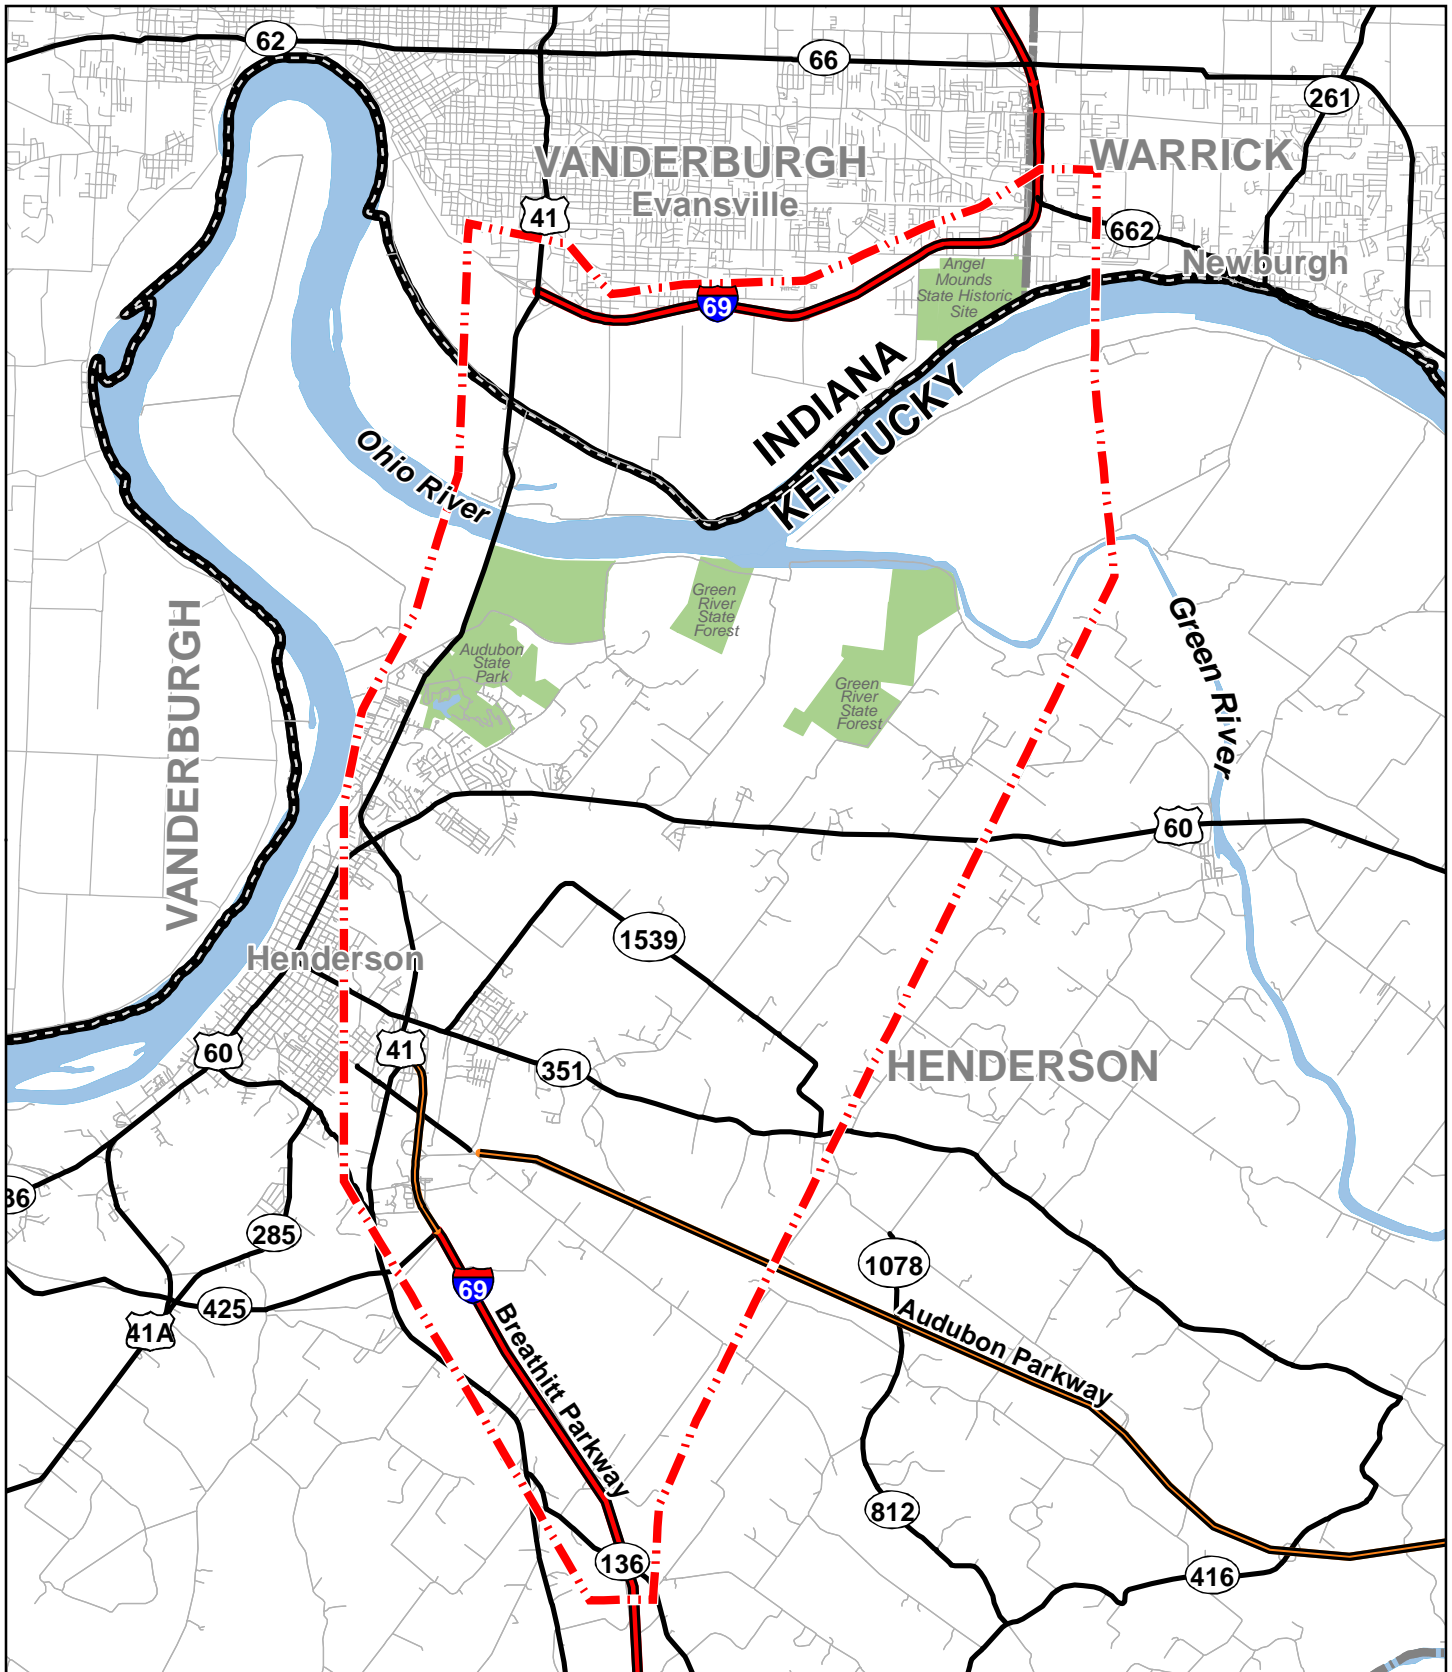

- Has no jurisdiction or authority with respect to the project;
- Has no expertise or information relevant to the project; and
- Does not intend to submit comments on the project.

As part of this invitation to be a Participating Agency, FHWA is also inviting you to be a member of the project's Interagency Advisory Committee (IAC). The first meeting of the IAC is scheduled for April 12, 2017 from 9:00 AM to 11:30 AM Central Time at the Old National Events Plaza, 715 Locust Street, Evansville, IN 47708. Participants will also have the opportunity to join via WebEx. The project website is currently under development and will be available for access prior to the meeting. In your response, please indicate if you will be able to participate in this meeting. It is preferred that each IAC member agency designates an individual to serve as a single point of contact throughout the duration of the project. If possible, in your response, please indicate who that individual will be for your agency and their contact information.

Thank you for your cooperation and interest in this project. If you have any questions or would like to discuss in more detail the project or our agencies' respective roles and responsibilities during the preparation of the EIS, please contact Michelle Allen, FHWA-Indiana Division, at (317) 226-7344 or Michelle.Allen@dot.gov.

Sincerely,

 Mayela Sosa
Division Administrator

BILLING CODE 4710-29-P

DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Environmental Impact Statement: Evansville, IN, and Henderson, KY

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Revised Notice of Intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS), pursuant to the National Environmental Policy Act (NEPA), will be prepared for the proposed I-69 Corridor in the Evansville, Indiana and Henderson, Kentucky area. This Notice of Intent (NOI) represents a revision to the original NOI that was issued for the project on May 10, 2001 (66 FR 23966 May 10, 2001). Under the original NOI, a Draft Environmental Impact Statement (DEIS) was completed in 2004 but the project was subsequently suspended in 2005. This NOI reinitiates the NEPA process for the project.

FOR FURTHER INFORMATION CONTACT:

Michelle Allen, Planning and Environmental Specialist, Federal Highway Administration, Indiana Division, 575 N. Pennsylvania Avenue, Room 254, Indianapolis, Indiana 46204, Telephone 317-226-7344, Email michelle.allen@dot.gov; Laura Hilden, Director of Environmental Services,

Indiana Department of Transportation, 100 North Senate Avenue, Room N642, Indianapolis, Indiana 46204, Telephone 317-232-5018, Email lhilden@indot.in.gov; or David Waldner, Director, Division of Environmental Analysis, Kentucky Transportation Cabinet, 200 Mero Street, Frankfort, Kentucky 40622, Telephone 502-564-7250, Email david.waldner@ky.gov.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Indiana Department of Transportation (INDOT) and the Kentucky Transportation Cabinet (KYTC), will prepare an EIS to identify a preferred alternative for the I-69 Corridor through the Evansville, Indiana-Henderson, Kentucky area. The project area will extend from I-69 south of Evansville (formerly I-164) across the Ohio River to the Edward T. Breathitt Pennyryle Parkway (now designated as I-69 up to Mile Point 76.9) near Henderson. The study will build upon the information developed for the 2004 DEIS, the 2008 Conceptual Financing Plan for I-69 Corridor conducted by KYTC, the 2013 I-69 Innovative Financing Study conducted by the Arkansas State Highway and Transportation Department (AHTD) (serving as the project manager for the seven-state I-69 Steering Committee), and the 2014 I-69 Feasibility Study conducted by KYTC. The proposed project would provide an interstate-type facility with at least two lanes in each direction separated by a median. The EIS will analyze environmental, cultural, social, and economic impacts associated with the development of the proposed action.

The project’s purpose and need that was developed as part of the 2004 DEIS included the following: (1) Support the completion of the National I-69; (2) Provide sufficient cross-river mobility in the Evansville/Henderson area; and (3) Strengthen the transportation network in the Evansville/Henderson area. The 2004 DEIS initially identified ten alternatives, including six alternatives west of the Evansville/Henderson area; one alternative following existing US 41; one alternative using the Edward T. Breathitt Pennyryle Parkway north to US 41 and continuing north on US 41 to I-164; and two alternatives east of US 41. The northern terminus for all of the alternatives was I-64 north of Evansville. The southern terminus for all the alternatives was the Edward T. Breathitt Pennyryle Parkway south of Henderson. Based on the ability to meet the project’s purpose and need, environmental impacts, costs, and public and agency input, the DEIS identified Alternative 2 as the Preferred

Alternative. The DEIS Preferred Alternative utilized the existing I-164 alignment (now designated I-69) from its northern terminus at I-64 in Warrick County, to just east of the Green River Road interchange and west of Angel Mounds State Memorial Site. From that location, the alternative left the existing I-164 alignment and traveled along a new alignment south across the Ohio River immediately west of the mouth of the Green River. The new route continued south to KY 351, then southwest to the Edward T. Breathitt Pennyryle Parkway (now designated I-69). The alternative was 30.2 miles in length and utilized 18.6 miles of the existing I-164.

The 2014 Feasibility Study conducted by KYTC reexamined the possibility of providing a single, new Ohio River bridge at Henderson, replacing the existing US 41 bridges. Seven alternatives, some with variations, were developed and evaluated. The 2014 Feasibility Study also introduced a modified version of the DEIS Preferred Alternative, designated as Alternative 1, that used the same Ohio River crossing location, but connected to the Edward T. Breathitt Pennyryle Parkway just south of Henderson and farther north than the DEIS Preferred Alternative to take advantage of the improvements to and the designation of the Edward T. Breathitt Pennyryle Parkway as I-69.

This EIS will review and update, as needed, the purpose and need from the 2004 DEIS and will consider changes to the project termini as a result of I-164 and Edward T. Breathitt Pennyryle Parkway being designated as I-69. It will also review and update the alternatives development and screening process based on the updated purpose and need and project termini. New alternatives will be developed and evaluated, as appropriate, and it is anticipated that this project will consider the potential use of tolls as part of its funding plan.

With the resumption of the project, the public and federal, state, and local agencies will be invited to participate in scoping meetings to review the project’s purpose and need and range of alternatives to be considered. These meetings will be scheduled at a later date. Public and agency meetings will also be held at key milestones throughout the EIS process to present project information and to obtain public and agency input. In addition, a project Web site will be established and public information offices will be set up in both Evansville and Henderson to allow the public to view project information and provide comments. Project e-newsletters and social media will also

be used to present project information and issue notices of upcoming events.

Comments or questions concerning this proposed action and the EIS should be directed to the FHWA, INDOT, or KYTC contacts at the addresses provided above.

(Catalog of Federal Domestic Assistance Program No. 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to the program).

Authority: 23 U.S.C. 315; 49 CFR 1.48.

Dated: February 6, 2017.

Mayela Sosa,

Division Administrator, FHWA, Indianapolis, Indiana.

BILLING CODE P

DEPARTMENT OF TRANSPORTATION

Maritime Administration

[Docket No. MARAD-2017-0021]

Requested Administrative Waiver of the Coastwise Trade Laws: Vessel CLUB M. SEA; Invitation for Public Comments

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Notice.

SUMMARY: The Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below.

DATES: Submit comments on or before March 15, 2017.

ADDRESSES: Comments should refer to docket number MARAD-2017-0021. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An electronic version of this document and all documents

entered into this docket is available at <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Bianca Carr, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue SE., Room W23-453, Washington, DC 20590. Telephone 202-366-9309, Email Bianca.carr@dot.gov.

SUPPLEMENTARY INFORMATION: As described by the applicant the intended service of the vessel CLUB M. SEA is:

—*Intended Commercial Use of Vessel:* “The intended commercial use of this vessel is to operate charters of no more than 6 passengers. These charters will consist of whale watching, sport fishing, coastal and harbor cruising.”

—*Geographic Region:* “California”

The complete application is given in DOT docket MARAD-2017-0021 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR part 388, that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

Privacy Act

In accordance with 5 U.S.C. 553(c), DOT/MARAD solicits comments from the public to better inform its rulemaking process. DOT/MARAD posts these comments, without edit, to www.regulations.gov, as described in the system of records notice, DOT/ALL-14 FDMS, accessible through www.dot.gov/privacy. In order to facilitate comment tracking and response, we encourage commenters to provide their name, or the name of their organization; however, submission of names is completely optional. Whether or not commenters identify themselves, all timely comments will be fully considered. If you wish to provide comments containing proprietary or confidential information, please contact the agency for alternate submission instructions.

By Order of the Maritime Administrator.

Dated: February 8, 2017.

T. Mitchell Hudson, Jr.,

Secretary, Maritime Administration.

RE: NOTICE OF SURVEY AND/OR INVESTIGATION

Dear Property Owner/Current Resident,

The Indiana Department of Transportation (INDOT) and the Kentucky Transportation Cabinet (KYTC) are undertaking an Environmental Impact Statement for the I-69 Ohio River Crossing in Vanderburgh and Warrick counties in Indiana and Henderson County in Kentucky. Research of county records indicates that you own property in the study area for a potential I-69 Ohio River Crossing.

This letter is to advise you that it may be necessary for contractors of INDOT and KYTC to enter your property in order to conduct an investigation and/or survey in connection with the studies for I-69 Ohio River Crossing. This inspection and/or survey is authorized by Indiana Code (IC) 8-23-7-26. We are scheduling our crews to begin field activities starting June 16, 2017 and surveys will continue through the remainder of this year.

IC 8-23-7-26 authorizes INDOT to conduct survey and investigation activities by “manual or mechanical means” on your property which may include:” inspecting, measuring, leveling, boring, trenching, sample-taking, archeological digging, investigating soil and foundation, transporting equipment, and any other work necessary to carry out the survey or investigation.”

Although damage to your property is unlikely to occur, please be advised that, pursuant to IC 8-23-7-28, you have the right to be compensated for damage that occurs to your property as a result of the entry on your property or work performed during the entry. For information about obtaining such compensation, please contact the I-69 Ohio River Crossing Project Office at 888-515-9756. Project representatives at the project office can provide you with a form to request compensation for damages. If you are not satisfied with the compensation that INDOT determines is owed to you, IC 8-23-7-28 provides that:

The amount of damages shall be assessed by the county agricultural extension educator of the county in which the land or water is located and two disinterested residents of the county, one appointed by the aggrieved party and one appointed by INDOT. A written report of the assessment of damages shall be mailed to the aggrieved party and INDOT by first class United States mail. If either INDOT or the aggrieved party is not satisfied

EVANSVILLE PROJECT OFFICE

320 Eagle Crest Drive, Suite C, Evansville, IN 47715

OHIO RIVER CROSSING

I69OHIORIVERCROSSING.COM

with the assessment of damages, either or both may file a petition, not later than fifteen days after receiving the report, in the circuit or superior court of the county in which the land or water is located. INDOT shall pay any compensation awarded to an aggrieved party under this section: not more than sixty days after the date on which the parties agree to the amount of the compensation; or as ordered by the circuit or superior court.

This letter is intended to provide advance notice of any investigation and survey to be performed on the subject property. If you are available, the field employees of INDOT's contractors will show identification before coming on to your property.

While such surveys and investigations are permitted, it is INDOT's sincere desire to cause you as little inconvenience as possible during this survey and/or investigation. If you own but are not currently the occupant of the subject property, please promptly contact the I-69 Project Office at 888-515-9756 with the name of the current occupant of the subject property so that he or she may be also notified about this inspection and/or survey.

Thank you for your attention to and cooperation with this matter.

Sincerely,

Janelle Lemon

INDOT Project Manager

RE: NOTICE OF SURVEY AND/OR INVESTIGATION

Dear Property Owner/Current Resident,

The Indiana Department of Transportation (INDOT) and the Kentucky Transportation Cabinet (KYTC) are undertaking an Environmental Impact Statement for the I-69 Ohio River Crossing in Vanderburgh and Warrick counties in Indiana and Henderson County in Kentucky. Research of county records indicates that you own property in the study area for a potential I-69 Ohio River Crossing.

This letter is to advise you that it may be necessary for contractors of INDOT and KYTC to enter your property in order to conduct an investigation and/or survey in connection with the studies for I-69 Ohio River Crossing. This inspection and/or survey is authorized by Kentucky Revised Statutes (KRS) 416.560(4). We are scheduling our crews to begin field activities starting June 16, 2017 and surveys will continue through the remainder of this year.

KRS 416.560(4) authorizes KYTC to have the right to enter upon any land or improvement in order to conduct the following:

"...make studies, surveys, tests, sounding, and appraisals, provided that the owner of the land or the party in whose name the property is assessed has been notified ten (10) days prior to entry on the property."

Any actual damages sustained by the owner of a property interest in the property entered upon by KYTC shall be paid by KYTC and shall be assessed by the court or the court may refer the matter to commissioners to ascertain and assess the damages sustained by the property owner, which award shall be subject to appeal.

Although damage to your property is unlikely to occur, please be advised that, pursuant to KRS 416.560(4), you have the right to be compensated for damage that occurs to your property as a result of the entry on your property or work performed during the entry. For information about obtaining such compensation, please contact the I-69 Ohio River Crossing Project Office at 888-515-9756. Project representatives at the project office can provide you with a form to request compensation for damages.

EVANSVILLE PROJECT OFFICE

320 Eagle Crest Drive, Suite C, Evansville, IN 47715

P/ 888-515-9756 E/ info@I69OhioRiverCrossing.com

I69OHIORIVERCROSSING.COM

This letter is intended to provide advance notice of any investigation and survey to be performed on the subject property. If you are available, the field employees of KYTC's contractors will show identification before coming on to your property.

While such surveys and investigations are permitted, it is KYTC's sincere desire to cause you as little inconvenience as possible during this survey and/or investigation. If you own but are not currently the occupant of the subject property, please promptly contact the I-69 Project Office at 888-515-9756 with the name of the current occupant of the subject property so that he or she may be also notified about this inspection and/or survey.

Thank you for your attention to and cooperation with this matter.

Sincerely,

Marshall Carrier

KYTC Project Manager
