

OHIO RIVER CROSSING

Kentucky and Indiana are committed to improving the I-69 corridor by completing the interstate connection between Henderson and Evansville.

I-69 ORX SECTION 1 PROJECT UPDATE | SPRING 2023

Section 1: Kentucky

- KYTC is overseeing; fully funded
- Extends from KY 425 to US 60
- Improvements include:
 - 6+ mile extension of I-69
 - New US 60 interchange (roundabouts)
 - KY 351 interchange reconstructed (roundabouts)
 - New US 41 interchange

Section 1: Kentucky

SECTION 1 PROGRESS

Construction started in summer 2022

Work is about 20% complete and design wraps up this year

Early focus on new US 41 interchange

Piers completed for new US 41 bridge over I-69

Construction underway for NB and SB bridges over Canoe Creek

Nearly 400,000 cubic yards of embankment placed for new US 41 interchange

Project is on schedule

COMING SOON

Construction ramps up throughout the corridor

More activity and more crews

Crossovers and traffic shift on US 41

Traffic shift allows work to begin on future mainline I-69

US 41 TRAFFIC SHIFT

Drivers will soon see a traffic shift on US 41.

Work is between 2nd Street/KY 351 and US 60 interchanges.

Prep work includes restriping, barrier wall installation and crossover construction.

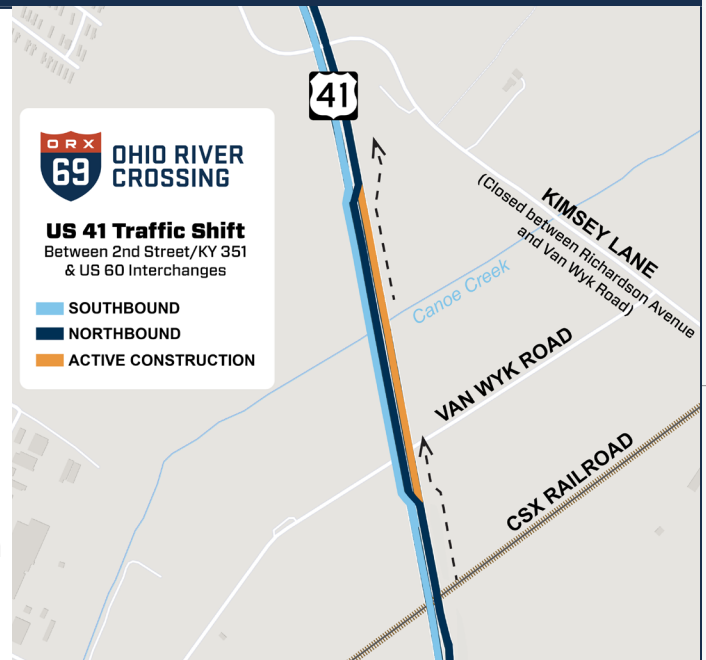

Both northbound lanes shift to the southbound roadbed.

No capacity will be lost.

Long-term shift expected to be in place through late 2024 to make room for construction.

Spring 2023

- Van Wyk Road bridge
- 2nd Street bridges
- Canoe Creek bridges
- Concrete box culverts

Summer 2023

- KY 425 bridge rehabilitation
- US 41 interchange bridge
- New roadway embankment
- Utility relocations
- Detention basins

Later in 2023

- Adams Lane bridge rehabilitation
- Audubon Pkwy. bridge rehabilitation
- 2nd Street utility relocations
- US 60 bridge construction
