

The I-69 Ohio River Crossing is a key, final connection of I-69 between Henderson, Kentucky and Evansville, Indiana. Section 1 includes the approach work in Kentucky with improvements in Henderson extending from KY 425 to US 60.

**What to Expect this Year**

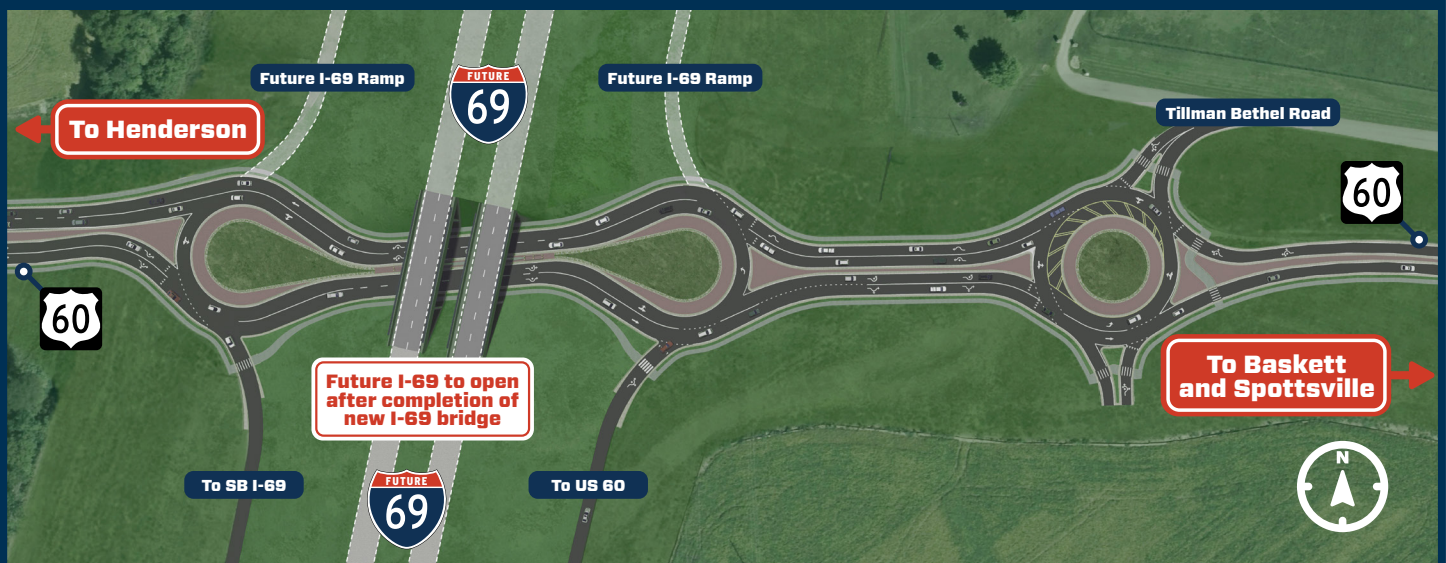

**Construction complete late this year**

- Three new roundabouts open at US 60
- Future I-69 open to traffic (US 41 to US 60)
- KY 351/2nd Street interchange final touches
- New US 41 overpass bridges at KY 351/2nd Street complete
- Adams Lane and Airline Road bridges reconstructed
- Former KY 2084 interchange removed and regraded
- Pavement upgrades along existing US 41
- Noise walls complete

**US 60 Opening This Summer**

The new US 60 interchange is expected to open this summer. The two roundabouts to the west will provide access on and off I-69 and carry traffic east and west along US 60. The eastern roundabout will connect Tillman Bethel Road with US 60.

## Where We'll Be Working This Year

**Opening This Spring**

Reconstructed Adams Lane Bridge

**Opening This Summer**

Reconstructed Airline Road Bridge  
New US 60 Interchange

**Opening Late This Year**

Future I-69 (Between US 41 and US 60)  
Reconstructed Kimsey Lane

## Major Progress Made in 2024

At the end of 2024, construction was 75% complete! Drivers saw a tremendous amount of progress in Henderson. The reconstructed KY 351/2nd Street interchange opened with three new roundabouts. The new US 41 interchange opened in temporary configuration, portions of future I-69 opened to traffic, and seven new bridges were also complete.

**KY 351 roundabouts in final configuration**

**US 60 roundabouts under construction**

**By the  
Numbers**

**400,000+**  
construction  
hours worked

**1.25 Million**  
cubic yards of  
embankment

**1.8 Million**  
pounds of  
reinforcing steel

**12,000**  
cubic yards of  
structural concrete
